Van Installation Services

When it comes to work vans – If we sell, we install it

- At all our branches we employ factory trained technicians to insure your UpFit is correct and trouble free.
- We can install a pre-designed package or create a custom designed solution for unique business needs.
- Family owned and operated for over 50 years

Having the wrong Upfit can cost your business thousands per year

✦ **Van Partition / Bulkheads**
Safety, Security, Climate Control & Noise Reduction

✦ **Shelves, Cabinets & Tank Holders - Quick Tool Access, Organized Workflow & Inventory Management**

🔒 **Exterior Locks**
Protection for Tools & Equipment & Potential Insurance Benefits

✦ **Ladder Racks**
Maximized Cargo Space, Improved Safety and Security & Injury Reduction

At Industrial Truck and Van, we can make it happen.

💡 **Lighting (Interior & Exterior)**

✦ **Flooring & Liners**

💡 **Power Inverters**

🚚 **Lift Gates & Ramps**

NEW

WHY SETTLE FOR SHELVING THAT WASTES THE SPACE YOU PAID TO USE?

CARGO VANS ARE BIGGER THAN EVER BEFORE. TALLER, LONGER, AND PACKED WITH POTENTIAL.

LONGEST, TALLEST, DEEPEST SHELVES IN THE INDUSTRY

- LENGTHS UP TO 144"
- HEIGHTS UP TO 68"
- DEPTHS UP TO 16"

MIX-N-MATCH FLEXIBILITY

- 3 END PANEL HEIGHTS
- 9 SHELF LENGTHS
- 4 SHELF DEPTHS
- 2 ULTRA LONG SHELF CENTER SUPPORTS

IMPROVED ACCESSORIES

MAXIMIZE SHELF SPACE WITH THESE OPTIONS:

- 6 DRAWER UNITS
- 9 DOOR KITS
- 6 BINS
- 9 DIVIDERS

THIRD PARTY CRASH TESTED

INDUSTRY LEADING: UP TO 17 MOUNTING POINTS VS 7 MOUNTING POINTS

IMPROVED STRENGTH

50 LBS PER FOOT (AVG.) IS A 43% INCREASE IN STRENGTH VS 35 LBS PER FOOT (AVG.)

LET THERE BE LIGHT

CANTILEVERED DESIGN ALLOWS FOR MORE LIGHT TO SEE YOUR TOOLS AND CONSUMABLES BETTER

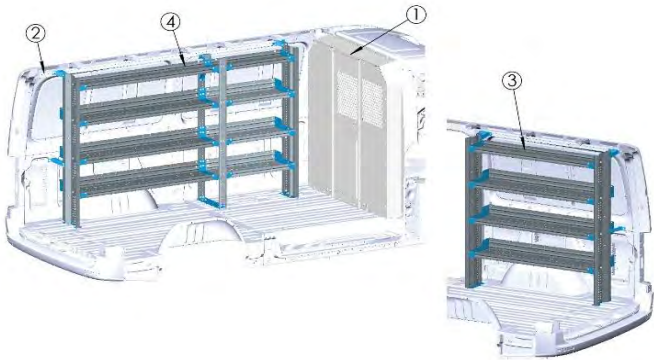

CONFIGURE YOUR WORK VAN WITH NEXT-GEN SHELVING

Eliminate dead space in your van's cargo area with Adrian Steel's Next Generation Shelving.

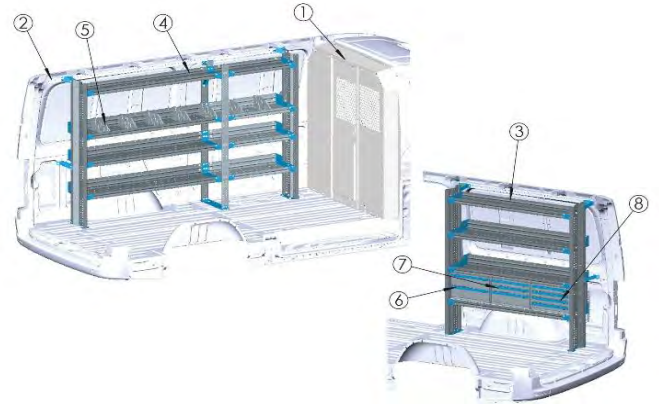

Compatible with our Next-Gen Accessories, our newest shelving line provides durable, customizable storage solutions that make every inch count in your work vehicle. Next-Gen Shelving comes in multiple end-panel heights, shelf depths, and lengths from 24" to 144".

MOUNT AT THE REAR OR SIDE DOORS FOR SAFEST AND EASIEST ACCESS.

SAFEST ERGONOMIC ANGLE

This system is designed to be installed at the rear or side doors providing you the most ergonomic access to your tanks. This helps prevent back and shoulder injuries when loading/unloading full or empty

Adrian Composite Partitions - Mercedes Sprinter

Molded fit for a tighter seal

Designed to fit the contours of your specific vehicle, the tighter seal provides you with increased climate control in the cab, more odor and debris control from the cargo area and better sound control to reduce the noise from the cargo area into the cab while you're driving.

Accessory rail kits

Utilize your partition as valuable storage space for quick and easy access to frequently used items. For safety purposes, mount emergency items like fire extinguishers, reflector kits and First Aid kits right to the partition itself.

Incorporated 3" setback

Get an increased seat recline angle to improve comfort while driving.

Available with or without a window

If your vehicle has side or rear van door windows, we offer an option with an angled polycarbonate window to prevent glares and reduce blind spots.

Low Roof Composite Partition

(with and without window)

High Roof Composite Partition

(with and without window)

MERCEDES	With Visibility	Without Visibility
Sprinter Low Roof 144"	PARSPL	PARSPL-NW
Sprinter High Roof 170" & 170" Extended	PARSPH	PARSPH-NW

Adrian Steel Partitions - Mercedes Sprinter

Perforated Panels

Perforations allow you to see through the partition to check your cargo or use vehicle windows to reduce blind spots.

They allow heat/air to travel into the cargo area.

Optional 3" Setback

Get an increased seat recline angle to improve comfort while driving.

Not available for Ford Transit.

Accessory Storage

Utilize your partition as valuable storage space for quick and easy access to frequently used items.

Optional Door Kit

Door kits are great for those who need to access their cargo area frequently and want to reduce stepping up and down to get into the back of the vehicle.

Weather Guard - Van Items

Folding Shelves

What you carry every day can change on a dime, so we built WEATHER GUARD Folding Shelves to offer the ultimate in van storage flexibility. Flip them up for larger loads or fold them down for longer, bulkier packages. Each shelf features removable endcaps so you can convert two shelves into one continuous work surface for longer items. The lightweight, rust-free aluminum construction makes them easy to operate with one hand, but strong enough to carry a 300 lb. load.

Our new folding shelves are easy to install and can be assembled in less than 15 minutes. Plus, they are compatible with WEATHER GUARD rail mounting systems so you can mix and match with our standard shelf units or upgrade your whole work van.

FEATURES AND BENEFITS

- Mix and match with static shelves for versatile van upfits
- One-handed operation
- Lightweight, but durable. Can handle loads up to 300 lbs.
- White and bright coating helps lighten up dark van spaces
- Available for most mid- and high-roof vans

Flooring Solutions

Your work van goes through a lot every day, and the floor takes the biggest hit. That's where WEATHER GUARD rigid flooring comes in. Built to last the lifetime of your upfit, its flat, non-slip surface and Hi-Viz sills to keep you steady and safe all day long.

FEATURES

- ✓ Non-slip grip and hi-visibility, no-slip red sills for extra safety when entering and exiting the van
- ✓ The only rigid flooring tough enough to earn the WEATHER GUARD badge and a Limited Lifetime Warranty

RFMS44-5-01 Rigid Flooring with Sills, 144in WB

RFMS70-5-01 Rigid Flooring with Sills, 170in WB

RFMS70E-5-01 Rigid Flooring with Sills, 170in Extended WB

Partitions / Bulkheads

- ✓ **Steel**
Available with or without passthrough door
- ✓ **Composite**
Improved climate control and noise reduction

Van bulkheads separate the driver compartment from the cargo area for maximum protection against shifting or moving cargo. Compliant to FMVSS safety standards for cargo vans.

Storage Solutions

✓ Lockable Cabinets

✓ Between the seat desks

✓ Part Cases

✓ Door Trays

✓ Caulk Tube Holder

✓ Literature Holders

Shelving Solutions

- ✓ **Fixed or Adjustable Shelves**
- ✓ **Multiple Heights**
- ✓ **Multiple Widths**
- ✓ **Bin Accessories**

Adjustable cargo van shelving is deeper to hold more tools and equipment and has captive nuts at each corner for easier assembly and quieter operation. Fully hemmed work van shelving for extra strength and durability. Accessory mounting holes in the commercial van shelving eliminates the need for mounting brackets or drilling.

Weather Guard - Van Items

Storage Solutions

ALL-NEW WEATHER GUARD PACK RAT

Not just a drawer system; this is the steel-built solution to everything plastic gets wrong. While others crack and warp, PACK RAT stands strong and keeps your tools protected.

UP TO 50% LIGHTER OPERATION

The ProLift™ is up to 50% easier to operate than comparable drop-down style ladder racks. This makes it the easiest and safest drop-down ladder rack system on the market. Using unique patent pending mechanical advantages and high-performance spring assist strut, ProLift™ raises and lowers ladders with an almost effortless pull, saving you time and energy while reducing back and shoulder injuries.

Built on Adrian Steel's new flagship Profile™ rack system, the ProLift™ is low profile, lightweight and built to last.

Dual Side Max-Drop ProLift™ option shown.

- 1 LOCKABLE ATTACHED HANDLE**
Prevents losing your ladder rack handle and wasting time obtaining a new one. Pad-Lock capable to prevent theft.
- 2 PULL ASSIST GAS SPRINGS**
Dampens the load during operation to prevent damage to the vehicle while also reducing operating force.
- 3 RUGGED WEAR STRIPS**
Protects and helps increase the life of your ladders.
- 4 ADJUSTABLE CLAMP PADS**
Get a snug fit on any ladder with just a half inch wrench or ratchet/socket.
- 5 LADDER GUIDE / VAN GUARD**
Help guide the ladder into the front bracket while also preventing damage to the van from the ladder.
- 6 SECONDARY SLIDE (MAX-DROP)**
The secondary slide lowers the ladder to a lower more ergonomic reach height to prevent back and shoulder injuries during operation.
- 7 EASY RELEASE T-HANDLE (MAX-DROP)**
Press and release with thumb to active the secondary slide.

Adrian PROFILE Series - ProLift Ladder Rack

Mechanically Load Ladders

Using unique mechanical advantage and high-performance spring assist struts to raise ladders with little effort.

Minimalistic Design

A sleek, low-profile design, specifically engineered and tested to prevent wind noise, is a great-looking integration on any vehicle.

No Drill Installation

Using OEM mounting locations on the roof, this rack is easy to install with no drilling required.

Ladder Protection and Security

Four clamp pads provide peace-of-mind that your ladders will remain secure during your commute. You can also add a padlock to protect your ladder from theft.

Ladder Compatibility

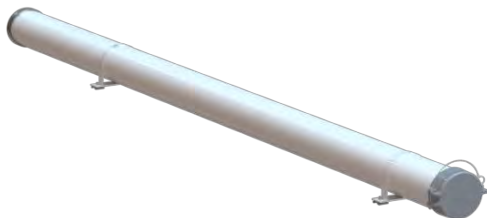

Fits extension ladders up to 34' and step/podium ladders up to 8'. Easily operates with up to 100 lbs per lift.

Corrosion Resistant

All components are aluminum with a plastisol or powder-coat finish to withstand the elements and help prevent rust.

Adrian Steel PROFILE™ HD Utility Rack.

The perfect rack for your business.

Select a pre-configured rack developed for common industry needs or take charge and build your own with our configuration tool.

This new system is low profile, aerodynamic, lightweight & tough. The clean, simplistic and corrosion resistant construction with stainless steel hardware and durable powder-coat finish is built to withstand heavy use and ensure years of dependability.

Mix and match components and accessories give you the flexibility to get the perfect rack for your business in less time and with less hassle.

Designed to adapt to almost any vehicle (truck, trailer and topper mounting coming soon) and the unique modular design can be easily upgraded for specific utility use.

1. Minimalistic Design.

Sleek, low-profile for great looking integration on any vehicle and was specifically designed and tested to prevent wind noise.

2. Safe, Secure Loading.

Multiple integrated tie-down points come standard for quick and safe transportation.

3. Rugged Wear Strip.

Why let loading and unloading take a toll on your gear and rack systems? Our new, extra-thick Wear Strip comes standard to protect equipment and T-slot crossbars, while keeping debris out of the channels.

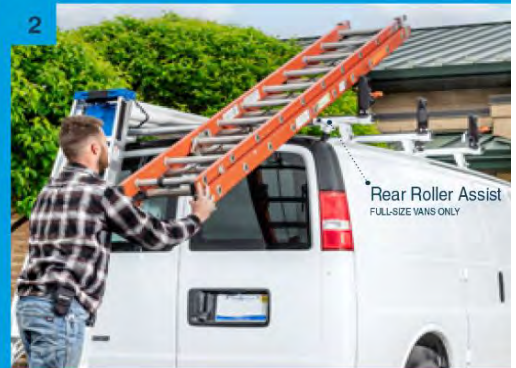

4. Industry-Leading Customization.

Profile™ Crossbars have built-in channels for adding Ladder Stops, Rear Roller Assist, Built-In Ratchets, Conduit Kits and additional accessories.

5. 750lb. Load Capacity.

3" x 1.5" Heavy Duty, reinforced extruded aluminum crossbars are tested to support up to 250LBS per crossbar for maximum roof loading capacity.

(Always follow OEM roof rating weight standards for safest loading capacity)

- ✓ Aluminum - Corrosion Resistant
- ✓ Unique oval rail design of the Safari Rack
- ✓ Accommodates up to 5-foot wide loads easily

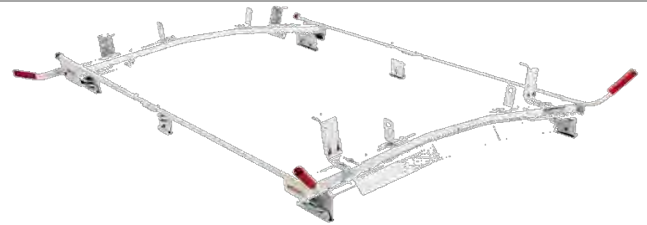

- ✓ 2 or 3 Bar Racks
- ✓ Powder Coated Steel
- ✓ Fits vans with rain gutters

- ✓ 2 or 3 Bar Racks
- ✓ Aluminum
- ✓ 70" Wide

- ✓ QUICK CLAMP RACK
- ✓ Single or Dual Side Clamps
- ✓ Aluminum or Powder Coated Steel

- ✓ EZGLIDE2™ Fixed Drop-down Ladder
- ✓ Single or Dual Side Drop Downs
- ✓ Powder Coated Steel

- ✓ Fits up to an 8-foot step, extension, or multi-position ladder
- ✓ Single or Dual Side Clamps
- ✓ Powder Coated Steel
- ✓ Mounts to the roof of the van
- ✓ Ladder weight should not exceed 80lbs.

PRIME DESIGN

ERGORACK® BENEFITS

Easy to use – deploys with only 2 fingers.

Eliminates slip and fall hazards from climbing on bumper or tire.

Improve productivity – Deploy or stow in less than 20 seconds.

Removable handle – easy access for operators of any height.

Maintain vehicle warranty and resale value with no holes to drill.

Control ladder deployment with adjustable hydraulic cylinder

Winner of ergonomic awards in USA, France, Germany and Australia.

Deter theft and secure contents with padlock ready handle

DRILLED

NO DRILL

competition vs. ErgoRack®

Lightweight, Safe and Easy

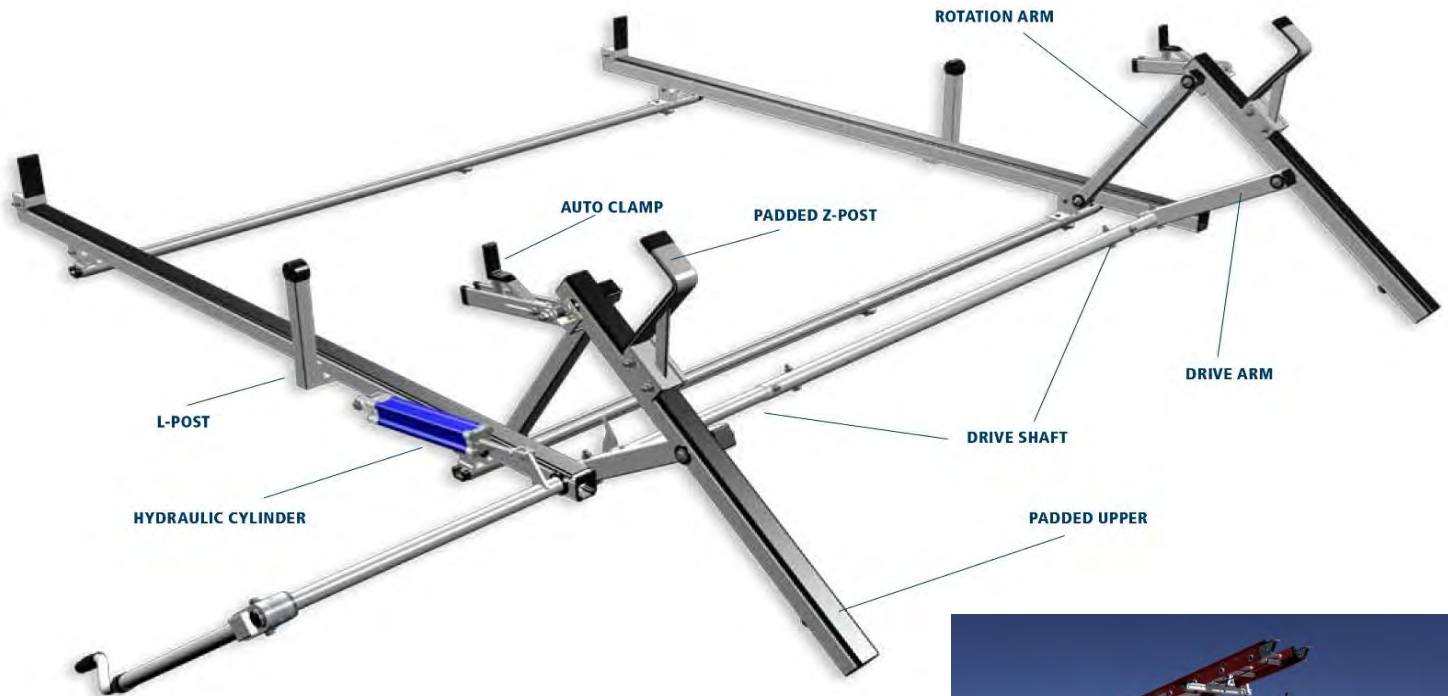

Prime Design has been the industry’s ergonomic leader since 1992, when we first introduced the concept of an ergonomic ladder rack.

Our design philosophy starts with the worker – how can we make the job safer, easier and more comfortable for the human body? That is because we firmly believe that a product’s design and how it impacts the user is every bit as important as the quality of materials and construction.

The ErgoRack was designed to reduce muscle stress, eliminate risk of injury and speed the job of loading and unloading ladders from a work van.

PRIME DESIGN™

ERGORACK® BENEFITS

ErgoRack Configurations – Sprinter (without factory channels)
Modular (-M) and Hybrid Modular (-HM) are available depending on configuration.

Configuration	Vehicle Wheelbase	Vehicle Height	Streetside Feature	Curbside Feature
BB-SP-72	144 IN, 170 IN, or 170 Ext.	95 IN (Standard) or 106 IN (High)	End Stop	End Stop
BB3-SP-72*	144 IN, 170 IN, or 170 Ext.	95 IN (Standard) or 106 IN (High)	End Stop	End Stop
BR-SP-72	144 IN, 170 IN, or 170 Ext.	95 IN (Standard) or 106 IN (High)	End Stop	Rotation
RR-SP-72	144 IN, 170 IN, or 170 Ext.	95 IN (Standard) or 106 IN (High)	Rotation	Rotation
RR3-SP-72*	144 IN, 170 IN, or 170 Ext.	95 IN (Standard) or 106 IN (High)	Rotation (3 CBR)	Rotation

ErgoRack Models – Sprinter (with factory channels)

Prime Design - AluRack

AluRack

Aerodynamic and Lightweight

Work hard, look stylish and stay safe. The AluRack features the industry's original rolling bar, which makes it safe and easy to load bulky sheets of plywood, drywall, pipe and even weekend toys from the back of the truck. The lightweight, yet rugged design can carry all of your cargo and withstand challenging weather conditions. Plus, the aerodynamic design looks modern, reduces fuel consumption and ensures almost silent travel.

Note: Bright anodized aluminum finish is standard. Optional Black anodized aluminum finish available. Add suffix "-BLK" to model number.

TOPPER - Van Racks

EST. 1975
INDUSTRIAL
TRUCK & VAN EQUIPMENT

Van Racks

Topper van racks utilize 100% of the available roof space, and our patented mounting system makes installation easy with no drilling of holes on full size vans. All of Topper van racks are made from high strength steel and hot dip galvanized after fabrication for a truly rust free and abrasive resistant finish that is unmatched in the industry. Commercial Van Toppers.

Available in 10, 12, and 14 foot lengths, each van rack can carry up to 750 pounds with rubber spacers that separate the mounting system hardware from the finished surfaces of your van. Optional conduit carriers carry your conduit neatly and safely with any van rack.

SLICK Locks

- ✓ Easy installation
- ✓ NO holes are drilled into vehicle
- ✓ NO damage and corrosion to exterior
- ✓ NO more traditional bolt through hasp design

THUNDERBOLT - Electric Anti-Theft Locks

This two-door work van kit secures the van's cargo area doors and is operated by the van's factory key fob. The included raised strike bracket (if needed) gets surfaced-mounted on the rear driver-side door, allowing the lock to be installed in the rear passenger-side door. The second lock gets installed inside the side door.

Note: Some Models Work with Factory Keyfobs

TOMMY GATE - Internal Van Lifts

The Internal Van Lift

Low-capacity, compact, and internally-mounted, the 650 Series is the ideal liftgate for lightweight van applications. 650 Series models fold up and store out of the way of ordinary tasks or flat against the inside of the rear door. Fold-away interior mount offers two secure storage positions and easy access to the rear of the van.

LINK Manufacturing - Aluminum Van Ramps

Spring-Assisted Loading Ramp

Link Manufacturing has developed a broad array of deployable mounted loading aluminum ramp solutions engineered for commercial vans and box trucks. Link's lightweight, low-profile, aluminum LB20 ramps ship fully assembled and mount just inside a vehicle's rear or side door. Each LB20 mounted ramp is made from high-strength aluminum and engineered for ease of use and installation.

PERFECT FOR QUICK LOADING & UNLOADING

The LB20 is easy to deploy with quick-release latches and sturdy hinge points. The mounted ramp works perfectly for vans or medium-duty vehicles for rear or side door loading applications.

LOW-PROFILE THRESHOLD

The top of the ramp features a low-profile transition threshold to provide a shallow approach for various types of equipment. The unique lifting mechanism also allows for necessary bumper clearance.

HIGH STRENGTH ALUMINUM

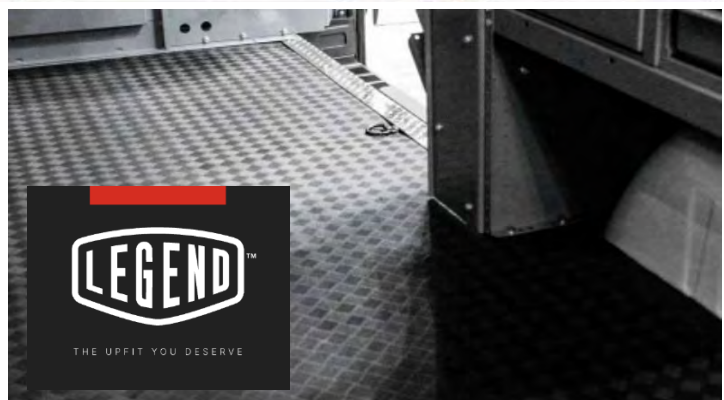

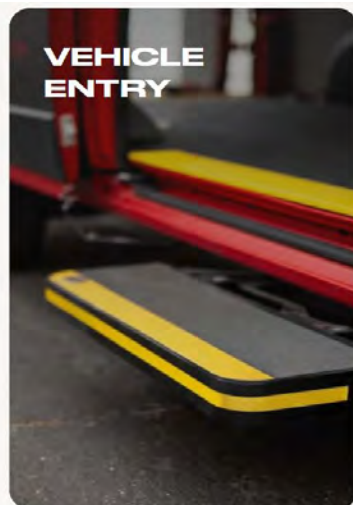

The LB20 ramp is made of extruded high-strength aluminum and is designed for reliability and durability. The extensive line of LB20 sizes provides an option for any delivery application.

SHIP FULLY ASSEMBLED

All LB20 ramps ship fully assembled, include a wheel kit, and mount just inside a vehicle's rear or side door.

The diverse LB20 ramps are fast, easy, and convenient to deploy, use, and stow. The ramp can be unfolded and folded back into a vertical, low-profile storage position in less than a couple of seconds. By stowing vertically inside the vehicle's cargo hold, the ramp is not exposed to the weather or road debris and takes up less than 11 inches of horizontal
